

SAINT MARY'S SCHOOL

SEASONAL BOARDING APPLICATION

Seasonal Boarding

This option is available on a trimester basis in coordination with our athletics seasons and gives day students the opportunity to fully experience residential life at Saint Mary's. Students are permitted to participate in up to two seasons of boarding per school year. All day students are eligible to participate; however, 9th grade students must wait until the winter trimester to participate. As part of Saint Mary's residential community, seasonal boarders will enjoy all the benefits of a boarding experience, like easy access to community activities and building important life skills.
